GLIDE

Wheelchair access solution
for straight stairways

GLIDE

3-YEAR WARRANTY

The Elevate Glide Platform Lift delivers safe, smooth and independent wheelchair access for straight staircases.

Designed and manufactured for indoor or outdoor use and engineered for reliability and ease of use, the Glide combines a compact footprint with intuitive controls and safety features.

Safety First
Integrated emergency power supply and brake mechanism.

Made to Measure
Designed to fit within your space.

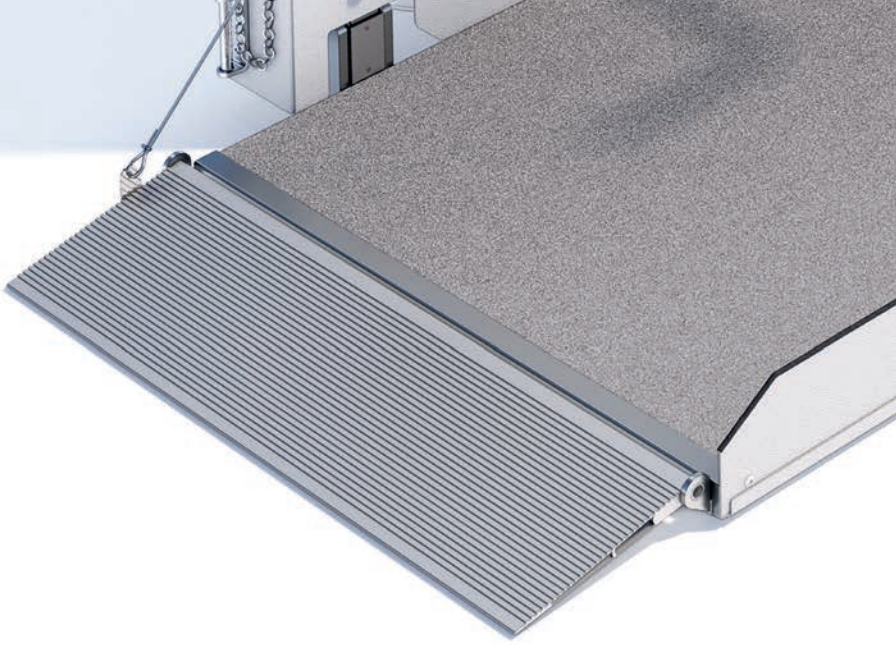
Weatherproof
The perfect solution for indoor and outdoor wheelchair access.

Low Maintenance
Easy to clean and maintain.

Accessability

Effortless access onto the Glide platform with near-level entry ramp.

The ramp automatically lowers for easy access onto the platform and raises before travel.



Automatic Arms

The arms raise for access and then lowers when the user operates the lift.

Simple Operation

Easy to understand and operate buttons.

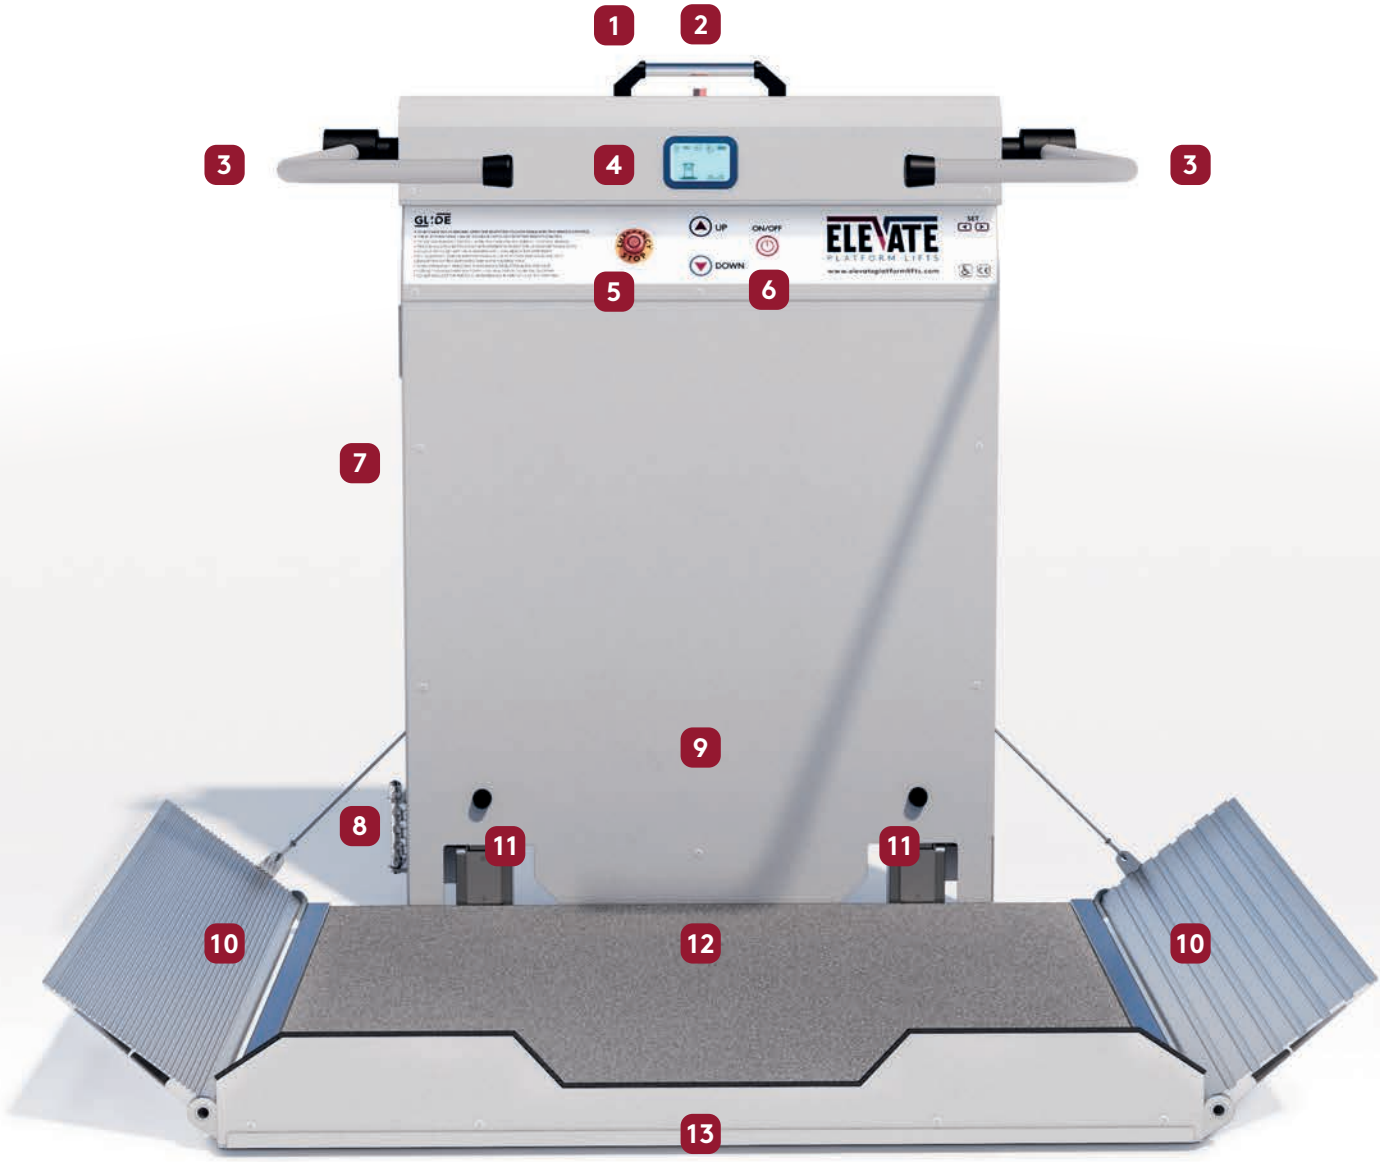
Comfortable Travel

Adjustable drive modes for a smooth ride up and down the stairs.

Features

Designed with simple controls and thoughtful safety features make everyday use effortless.

From the moment of being on the platform, the lift gives the user confidence and complete peace of mind for the journey ahead.



1 Grab Handle
To assist the user to stay steady during entry and travel.

2 Operation Light
Active operation warning light.

3 Powered Arms
(with Quick Release mechanism)
The arms automatically raise for easy access and exit. Assist the user to remain steady during travel.

4 Backlit Digital LED Display
Easy-to-understand information about the Glide and its operation.

5 Emergency Stop
Bringing the Glide to an immediate halt in case of an emergency. Turn for continued use.

6 Control Panel
Easy-to-reach buttons giving the user complete control.

7 Function Light
LED light for power and charge.

8 Safety Dead Bolt
Manually inserted into the platform when raised preventing operation.

9 Quality Build
High-quality components are used to manufacture the Glide and comply all applicable BSI Safety Standards.

10 Access/Exit Ramps
The powered alloy ramps enable users to board and exit the platform smoothly and effortlessly.

11 Automatic Hinge Mechanism
Lowers the platform for use.
Raises the platform for storage.

12 Anti-Slip Platform
Helping the user's wheelchair to remain steady and grip the platform during travel.

13 Pressure Plate
When pressed by an obstruction in the Glide's path, the lift will come to an immediate stop.

Two Remote Controls
Key lockable remote controls are included to call the platform and for other users to operate the lift.

CE

On Another Level

Once the Glide reaches its destination, it gives the user a straight forward transition onto the landing.

Soft Approach

The Glide slows down gently, to a smooth, comfortable stop ready for exiting.

Automatic Arm

raises ready for exiting the platform.

Level Exit

The ramp automatically lowers and lies flat on the landing, giving the user a hassle-free, easy exit.

Storing

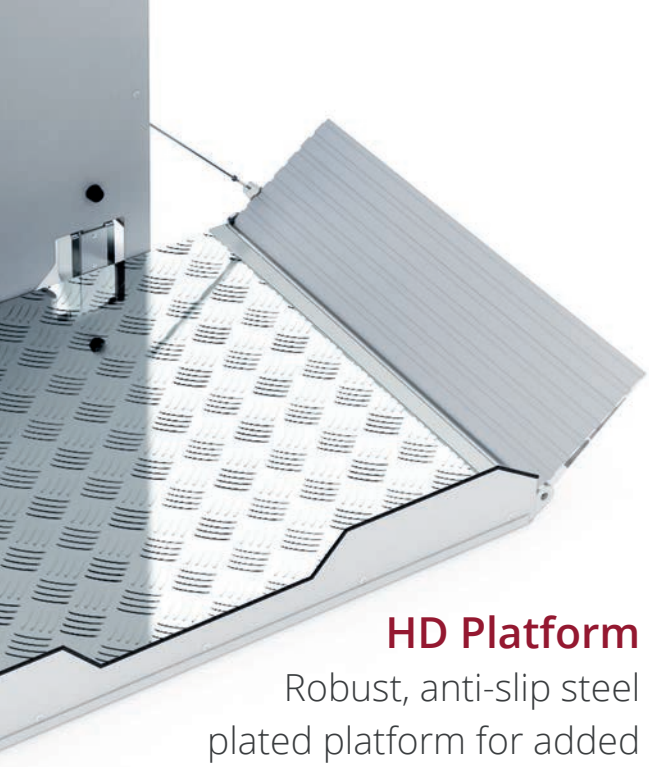
The powered platform folds up, giving access for other staircase users.

Rail

The galvanised steel rails and sturdy legs, combined with its rack-and-pinion drive, enables the Glide to move smoothly and reliably up and down the stairs.

Options

Further enhancing the Glide with additional smart features.



HD Platform

Robust, anti-slip steel plated platform for added strength and durability.

Fold Down Seat

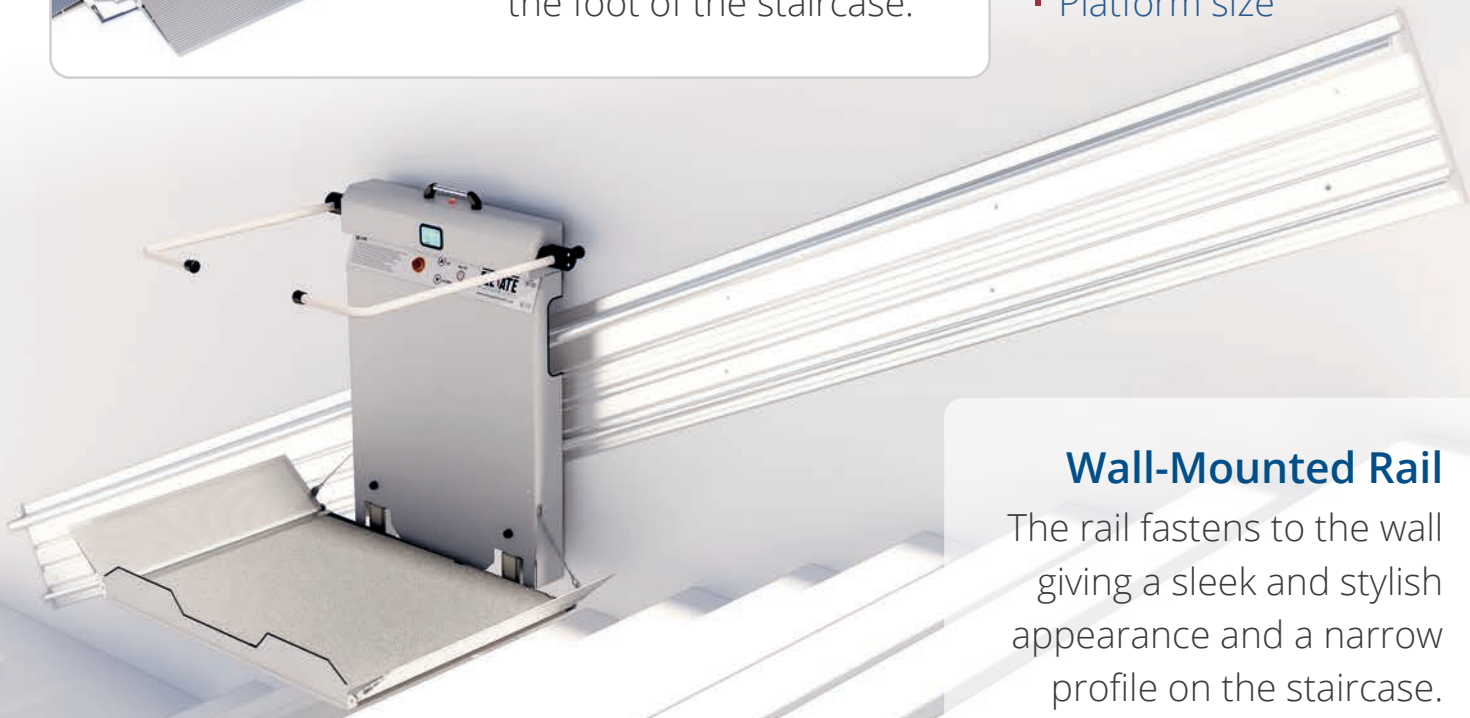
For users who prefer to sit while travelling on the Glide.

Central Ramp

Providing front access on and off the platform at the foot of the staircase.

Additional Options

- Outdoor cover
- Colour options
- Platform size



Wall-Mounted Rail

The rail fastens to the wall giving a sleek and stylish appearance and a narrow profile on the staircase.

ELEVATE
PLATFORM LIFTS

We provide wheelchair accessibility solutions that restore mobility and independence back into the heart of our customers' homes.

Our products are designed to provide easy-to-use operation and confidence when accessing different levels, offering a safe and reliable alternative when stairs aren't a viable option.

Our customers' experiences say so much about how the Glide has changed their lives.

"As a wheelchair user, the three steps in my home felt like a daily challenge. ***Since installing the lift, it's incredible how much of a difference it has made to me.***

I can stay in my wheelchair and don't have to rely on others for help. The Elevate team was professional and respectful. The lift has truly transformed how I live."

Margaret H. Cardiff

"I've lived in this house for over 30 years, and my garden has always been my sanctuary. But after my mobility changed, accessing the steps down to the garden became a concern.

Since having the lift installed, I've regained my freedom. *It's sturdy and smooth, and blends in nicely. Now I can enjoy my garden and the sea air whenever I like. It's made a huge difference."*

David R. Brighton
