MADE IN BRITAIN

Safety First
Safe and reliable hydraulic drive system.

Low Maintenance
Easy to clean and maintain.

Minimalistic
No lift shaft required minimises the space required for the lift.

2-YEAR WARRANTY

Accessibility

Door Access

Spring-loaded push handle opens the door and locks before travel. Unlocks automatically when the lift comes to a complete stop.

Level Entry Access

Walk directly onto the lifts platform with ease.

Stainless Steel Handrail

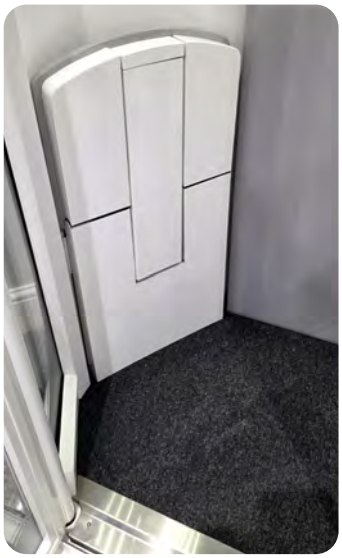
To assist the user in entering the lift and keep them steady during travel.

Wrap around rail option is available see page 7

Comfortable travel

The fold-away padded seat gives the user a resting place during travel.

Optional / Seat colour options are available see page 7



Full Control

Simple, easy-to-understand controls and safety features make operation effortless.

From the moment of being onboard the AVA Rise, it gives the user confidence for the journey ahead.

1 **Lockable Control**
The key lock prevents any unwanted operation of the lift.

2 **Operation Light**
Active operation light when in use.

3 **Direction Buttons**
One press of the arrowed buttons for the lift to travel up or down.

4 **Stop Button**
Brings the lift to a complete stop.

5 **Door Exit**
When the lift reaches its destination, the button will open the door.

6 **Warning Speaker**
A sound will alert the user of an obstacle in the lift's path or weight limit being exceeded.

6 **Load Limit Warning**
LEDs will light up, warning the user that the weight limit has been exceeded and prevents the lift from being operated.

Features & Benefits

Tasteful and elegant, enjoy these premium features with your AVA Rise.

Welcoming Lighting

Controllable dimmed ceiling lights turn on when the door is opened and the lift is operated.

Onboard Phone

In case of an emergency, the phone can be used to call a preset number for assisstance.

Safety Glass

Easy to clean laminated glass panels that are scratch-resistant and stronger than cheaper alternatives.

Fire Seals

30-minute fire and smoke integrity maintained between floors.

Wall Mounted Remote

The wireless remote allows the lift to be called to the users location.

Approach

Once the AVA Rise reaches its destination, it gives the user a straight-forward transition into their room.

Soft Approach

The AVA Rise slows down gently, to a smooth, comfortable stop ready for exiting.

How the AVA Rise guide rail looks on each level.

Ground Floor

Lift up on first floor

First Floor

Lift down on ground floor

Neatly tucked away to maximise your living space, the lift guides are close the walls at each level to give you unobstructed floor space.

No Need for New Flooring

The installation process for the first floor uses the existing floor covering and is fitted to the upper base unit.
