

AVA SWIFT

Direct access on another level,
in style and functionality

AVA SWIFT

With a compact footprint, the AVA Swift two-stop home lift is specially designed to be a stylish and functional solution for homes with a smaller footprint.

With a focus on reliability, comfort and user safety, a secure and smooth transition between floors, allowing travel with confidence and peace of mind. An innovative through-floor lift, specifically designed to enhance accessibility within the home.

MADE IN BRITAIN

Safety First
Safe and reliable hydraulic drive system.

Low Maintenance
Easy to clean and maintain.

Minimalistic
No lift shaft required minimises the space required for the lift.

2-YEAR WARRANTY

Accessibility

Warm Welcome

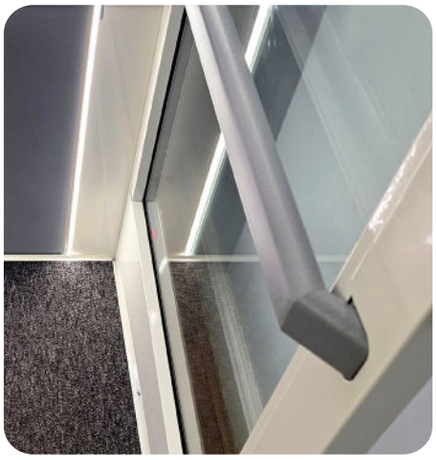
Stepping into the AVA Swift gives the user immediate comfort and warmth with ambient lighting and cushioned furnishings.

Level Entry

Walk directly onto the lift's platform with ease.

Door Access

A single push of the button on the side of the AVA Swift unlocks and opens the door.



Handrails

Powder coated handrails help the user remain steady on entry and during travel.

Lock & Latch

The door locks automatically before travel activated by the electric switch. Unlocking when the lift reaches its destination.

Full Control

Simple, easy to reach and understand backlit buttons makes operation effortless.

From the moment of being onboard the AVA Swift, it gives the user confidence for the journey ahead.

1 Door Exit

When the lift reaches its destination, the button will open the door.

2 Direction Buttons

Press one of the arrow buttons for the lift to travel up or down.

Buttons with Braille labels for users who are blind or have low vision.

3 Manual Stop

Brings the lift to a complete stop if required.

Emergency Stop

Easy to reach and activate in case of an emergency.

IIf the safety pressure plates detect an obstacle in the lift's path, the lift will come to a complete stop. Once the obstacle is removed, a simple turn will release the button to resume operation.

Features & Benefits

Tasteful and elegant, enjoy these premium features with your AVA Swift.

Welcoming Lighting

Controllable dimmed ceiling lights turn on when the door is opened and the lift is operated.

Padded Perch

The padded perch allows the user to lean back a gainst and rest during travel.

Fabric options available see page 7

Safety Glass

Easy to clean laminated glass panels that are scratch-resistant and stronger than cheaper alternatives.

Warning

The AVA Swift has a built in speaker system that alerts the user if there are any issues.

Wall Mounted Remote

The wireless remote allows the lift to be called to the users location.

Approach

Once the AVA Swift reaches its destination, it gives the user a straightforward transition into their room.

Fire Seals

30-minute fire and smoke integrity maintained between floors.

No Need for New Flooring

The installation process for the first floor uses the existing floor covering.

Soft Approach

The AVA Swift slows down gently, to a smooth, comfortable stop ready for exiting.

How the AVA Swift guide rail looks on each level.

Ground Floor
Lift up on first floor

First Floor
Lift down on ground floor

Neatly tucked away to maximise your living space, the lift guides are close the walls at each level to give you unobstructed floor space.

ELEVATE
PLATFORM LIFTS

We provide wheelchair accessibility solutions that restore mobility and independence back into the heart of our customers' homes.

Our products are designed to provide easy-to-use operation and confidence when accessing different levels, offering a safe and reliable alternative when stairs aren't a viable option.

AVA
SWIFT

This contemporary, two-stop standing home lift will safely and smoothly take you between floors in total comfort and ease.

BENEFITS

- Ideal for smaller spaces, such as narrow alcoves or stairwells
- A viable alternative for those unable to use a stair lift Ideal for properties where the staircase is unsuitable for a stair or chair lift
- Unobtrusive guide rails give full use of the room when the lift is parked at the other level
- Smooth and quiet
- Stylish and discreet
- Safely and smoothly takes you between floors in total comfort
- Fully customisable
- Quick, no mess, no fuss installation

SAFETY FEATURES

- Toughened laminated glass
- Interior handrails on both sides
- Illuminated controls
- In-car emergency lowering in case of power cuts
- 30-minute fire and smoke integrity maintained between floors
- Smoke or heat alarms
- Pressure-sensitive surfaces in both directions of travel
- Dedicated power supply to ensure no interruptions from faulty appliances
